

36th annual March for Life

Thursday, January 22, 2009
12:00 Noon on the Mall
Washington, DC

Prolife Americans will gather in our Nation's capital to bring our important simple prolife message to Washington officialdom and to all of our Neighbors.

The Theme is:

REMEMBER – the Life Principles mean “Equal Care” with No Exceptions!

This Theme is an important simple prolife message that the intentional killing of even one innocent preborn human is never licit or justified and is never necessary because America can and must provide equal care for both a pregnant mother and her preborn child – with no exception!

Please Note:

January 20, 2009, Tuesday, is the day of Inauguration of our newly elected President.

In addition, the First Session of the 111th Congress will convene in January, with all newly elected Members of the House and many newly elected Members of the Senate.

We shall be a large group of Americans to bring our prayers and our important simple prolife message to this new Administration and new Congress.

We shall bring our prayers and important simple prolife message also to the misguided Justices of the Supreme Court.

We shall bring our prayers and important simple prolife message also to all of our Neighbors throughout our beloved America, including our feminist/abortionist Neighbors.

Dear Marcher for Life,

Please come and bring many *Marchers for Life* with you. January 22, 2009 is a significant anniversary date of the Supreme Court's infamous 1973 *Roe v. Wade* decision when we mourn the intentional killing of an estimated 50,000,000 innocent preborn humans and the suffering of pregnant mothers from these killings. Thus, on January 22, 2009 we shall increase our efforts to educate Washington officialdom and all of our Neighbors that America must stop - not merely reduce - the intentional killing of innocent preborn humans, and that America can and must provide equal care for both a pregnant mother and her preborn child with **no exception!**
