### ***A Study Guide to "Living the Gospel of Life"***

So many people ask, "What is the Church going to do about politicians who claim to be Catholic and still support abortion?" This document, issued by the US Bishops in 1998, gives an answer to that question.

"Living the Gospel of Life" contains a message to those politicians: You cannot be Catholic and "pro-choice" on abortion. It also contains a message to each of us: Use your vote to advance the Culture of Life!

Fr. Frank Pavone, National Director of Priests for Life, who served at the Vatican's Pontifical Council for the Family, has prepared a study guide to this document. With discussion questions, background information, and suggestions for further reading, the guide is ideal for small groups meeting in churches, schools, or homes.

It is also online at [www.priestsforlife.org/gospel](http://www.priestsforlife.org/gospel)

***We suggest that small groups be formed to use the study guide for a six week period, from mid-September to the end of October, 2004. This will provide an excellent preparation for the General Elections on November 2. This study guide is non-partisan and does not mention candidates or make endorsements.***
