The ***National Silent No More Awareness Campaign*** seeks to make the public aware of the devastation abortion brings to women, men, and their families.

This mobilization of women and men is imperative to make abortion *unthinkable*, and persuade society that women deserve better than abortion. **Specifically, the Campaign seeks to:**

1. **Inform the public** that abortion is harmful emotionally, physically and spiritually to women and others involved in abortion.
2. **Reach out to the people who are hurting** from an abortion with the help, hope and healing available.
3. **Invite those who regret their abortion** to join the Campaign in speaking the truth about abortion's negative consequences.

**Public awareness will be raised through:**

- **Gatherings** nationwide that feature the voices of those who regret their abortion. Those who choose to participate will be invited to share a brief 2-3 minute testimony of their experience, and hold our "I Regret My Abortion" or "I Regret Lost Fatherhood" signs. Those not ready to share their testimony can participate by just being present and holding a sign.
- **Publication of articles**, placement of op-ed essays and letters to editors.
- **Speaking engagements** by Actress, Model and Author, Jennifer O'Neill, who has personally experienced abortion and serves as the campaign's national celebrity spokesperson. Also, speaking engagements by the Campaign's co-founders, Georgette Forney, President, Anglicans for Life ([www.anglicansforlife.org](http://www.anglicansforlife.org)) and Janet Morana, Associate Director, Priests for Life ([www.Priestsforlife.org](http://www.Priestsforlife.org))

***The Campaign is a non-denominational Christian effort.***

Visit our website, [www.SilentNoMoreAwareness.org](http://www.SilentNoMoreAwareness.org) and sign up to receive our monthly e-letter. Our website has details about events, dates and locations, resources for help after abortion and testimonies of post-abortive women. The organizers encourage all to join our efforts. We are particularly in need of Regional Coordinators to organize and lead gatherings.

*This campaign creates a safe place for women to break their silence about the pain of abortion. It is an honor to speak the truth and let others know they're not alone.*

-- Jennifer O'Neill, National Spokeswoman for the  
Silent No More Awareness Campaign
