Dear Bishop Zurek:

As the President of the National Black Pro-Life Union headquartered in Washington, DC, I would like to offer my support for Father Frank Pavone and the important work of Priests for Life.

I met Fr. Frank in 2002 at a National Right to Life Convention. It was obvious then, just as it is now, 9 years later that he has a true love for unborn children--with unyielding focus and devotion to GOD.

He has been a steadfast leader in speaking out against the abomination of abortion and has been an inspiration to all pro-lifers.

We, in the black community, are working to end the targeting of blacks for abortion. We need more sisters and brothers in CHRIST on the ground to help—not less.

Father Frank Pavone is desperately needed in this battle for life--especially now!

Sincerely,

Dr. Day Gardner  
President  
National Black Pro-Life Union
